

Cumbrian Red Gravel

Technical data sheet

Heidelberg Materials 14mm single sized Red albite-biotite chipping

For use in combination with cement, sharp sand and water in suitable mix designs to produce concretes for footings, foundations, setting posts, steps, etc. May also be used as a top dressing for paths and drive ways.

Description

For use in flower borders, ground cover, infill around ponds and plant pot topping.

This product is not suitable for fish ponds or aquariums. We recommend that this product is re-washed in clean, fresh water prior to use.

Decorative aggregates are natural products and variations in size and colour may occur due to geographical and processing variables.

Pack size

Available in Maxipack and Bulk bags

Health and safety

Please refer to Material Safety Data Sheet for full information.
